Jan. 26, 1995

Dear Mr. Weisberg:

Please be reassured: The bibliographic essay, the Afterword, *and* an Epilogue will all be in the book, and that the passages that had to be restored were restored and virtually 80% of other passages in question were also restored. The copy editor will deliver the complete manuscript this week, and as soon as Peter has it in his hands he will send you a copy.

I'm going to Florida soon again, but I sincerely hope that by the time I return you will have had some real satisfaction with this work, and will feel easier about everything.

With all my best regards,

Raphaela

P.S. About Victor Frankl: He is a psychiatrist who survived Auschwitz and Dachau.
